Job Responsibilities:

Fukuyama Transporting, one of Japan's largest logistics companies, welcomes bilingual students who are interested in learning more about the world of transportation and logistics in Japan and throughout Asia. Duties include learning about the dispatching of trucks, the management of logistics warehouses and the general operation of a publicly listed logistics giant. Areas you can assist in include:

1. Cost reductions, management of trucks
2. Business Improvement and trouble-shooting
3. Creating a strategy to dispatch trucks from around the 400 branches in Japan to meet customer delivery needs
4. Analyzing recent data to find patterns and assess the results
5. Brainstorming ways to become more productive
6. Communicating with various stations around Japan

We are looking for students who want to learn more about how a traditional Japanese company is operated, business etiquette and the many processes of running a 20,000 employee international logistics company. Students who are dependable, on-time, professional and appreciate Japanese culture are welcome to apply for this opportunity that can lead you into one of the fastest growing business sectors in the world.

Qualifications:

- Japanese speaking
- Professional and on-time
- Interest in logistics
- Interest in working in Japan or Asia going forward
- Basic computer knowledge, including powerpoint, word, excel

Once training is complete, you may be offered a part time or full time position.

About Us:

Fukuyama Transporting is a giant multi-logistics transportation company with 400 branches around Japan, 20,000 employees, its own rail line and a fleet of 16,000 trucks. Fukuyama Transporting Co., Ltd. engages in the transportation, logistics, and real estate businesses. The Transportation Business segment provides freight transport, port transport, and other related services. The Distribution and Processing Business segment provides warehousing, logistics, and processing services.
